THE TIMELESS CLASSIC

• • •

Cobra® combines mid-century simplicity with traditional and refined innovation. It is different in its appeal compared to other retro products in the tenzo range. This stylish collection of furniture will complement your home perfectly - whether you choose a timid, neutral colour to blend in or a bold one to create a highlight.

The source of inspiration to Cobra® is the same as for the tenzo bestseller Malibu® – cars in the timeless style of 1950's and 60's modernism. More specifically the inspiration for Cobra® comes from the sports car AC Cobra, which is seen in the handle and the characteristic logo that decorates the front. Together they clearly recreate the style and connect to the retro design. Cobra® is a high-quality collection that will last for many years to come, and it is made in Sweden.

Details

The handle in chrome is specifically designed for Cobra®. The characteristic logo that decorates the front and the significant details connect to and recreate the retro style of the 60's.

Timeless design

Cobra® is yet another successful composition by Rutger Andersson. His source of inspiration comes from the modernism of the 1950's and 60's, more specifically from the car AC Cobra - a timeless source of inspiration that will never go out of style.

Made in Sweden

Cobra® is manufactured in Sweden. The technical knowledge in paint and sense of design is what makes the production of Cobra® precise and accurate.

Design by:Rutger Andersson

Rutger has over 30 years of experience within design and product development. He is an excellent designer of "less is more" and he doesn't embellish his creations with unnecessary decorations. His touch makes any product live up to its full potential.
