EXCEPTIONAL ELEGANCE

o o o o

The Grain product line is something special. It has a fresh approach to the casual “countryside style” and its appeal will definitely create a tranquil environment. The design is built on round materials with no sharp edges and follows the tradition of Scandinavian design – absolute style with minimum fuss. It’s a classic that fits as well in the light and airy spaces as the small and narrow apartment, a certain way to add aesthetics to your home.

Part of the design is the surface. The products are developed in natural materials and you can see the structure through the stained colour finish. It gives a genuine natural impression and it has a sturdy construction that is durable and long-lasting. This classy collection is sure to enrich your interior design and create a welcoming atmosphere. It is the perfect piece of furniture to add understated elegance to your home.

TENZO COLOUR NO.

-  Colour no. **928 RED STAINED**

Quality

The products of Grain are subject of a high quality as well as strong construction. The hinges have integrated dampers that catch the door and close it slowly, silently and softly.

Stained veneer

Part of the essential design is the surface. In Grain you can see the structure through the stained colour finish. It is very simple, yet aesthetic and gives a genuine natural expression.

Design

Monika Mulder, the designer of Grain, cares a lot for the sculptural aspect of design. Her main interest is to develop relevant solutions for real needs, and to give grace and beauty to everyday products.

Design by: Monika Mulder

Monika Mulder’s work is playful and functional, solving challenges of production with creativity and consideration. “Developing a product that fulfils practical demands can be done by good thinking, but creating a product that touches people’s souls, requires real feelings. That is my way of challenging design.”
